Report To Our Patrons

1920 IN 1920 WE RENTED THIS FARM and started planting berries. We built the little shed pictured above, and sold berries to people passing along the road. For seven years we rented the farm and sold the fruit from this little roadside market.

1927 IN 1927 WE BOUGHT 10 ACRES of this same farm and started our present buildings. Besides selling fresh berries, Mrs. Knott made berry pies to sell and serve in the little tea room with five tables. Only light lunches of hot biscuits and home made berry jam and pie was served. Mrs. Knott did the baking and the small children did the serving. As patronage grew, sandwiches and other things were added.

1934 OUR FIRST CHICKEN DINNER WAS SERVED IN 1934. People liked Mrs. Knott's chicken and sent their friends in such numbers that it has made us work and plan and build to care for them. New rooms had to be added each year and seating space jumped from 20 to 40, then to 70, and by 1937 was 300. Each year required new additions until now we seat 700 at one time.

1944 During the past several years we have built "Ghost Town" and the "Little Chapel" and the 10-acre berry farm has expanded to 200 acres. As we look back over the past 22 years it has been a busy, hard, strenuous, happy time. But why should we look back? If it wouldn't look like boasting I would much rather tell you of all the wonderful plans we have for improvements to be made just as soon as the war is over.

On Average Sundays, we serve around 5,000 dinners; week days vary from 1,500 to 2,500 per day.

We are very grateful for this rapid increase in patronage, and when I say we, I mean all of us, both the Knott famliy, and employees; many of whom have been with us so long they are as much a part of the business as we are. Our customers have treated us wonderfully, and it is through your bringing your friends this growth has been possible. Improvements now planned to make your visits more interesting will take all of us years to complete.

Since Mrs. Knott and I started this farm in 1920 the children have grown up and today are active partners in the business.

But for some really fancy "snapping," go on past the rusty old LOCOMOTIVE of desert borax-mining days, to the "PITCHUR GALLERY." Your funny-bone's sure to be tickled by the humorous settings in which you can be "pictured for posterity" by the man who tells you to "watch the birdie." If you decide that bird's "cuckoo" you'll change your mind when you consider the excellent pictures the operator of that ancient gallery turns out . . . the illustrations in this menu, for instance.

And now the most important thing in Ghost Town—the COVERED WAGON SHOW. The painting of the Covered Wagon Train, in which Walter Knott's mother came to California, measures 20x50 feet and is the combined work of several American painters and wood carvers. After viewing this scene you will understand why this whole idea was undertaken.

Your visit to Knott's Berry Place ends on the hushed note provided in the LITTLE CHAPEL BY THE LAKE. Here you will be inspired by the famous painting, 'Transfiguration," and by the sound of a haunting melody and voice.

Covered Wagon Shows, from 12:30 to 9:00 P.M. Daily, closed Mondays and Tuesdays.

Chapel opens at 12 noon, closes at 9:00 P.M. Daily, closed Mondays and Tuesdays.

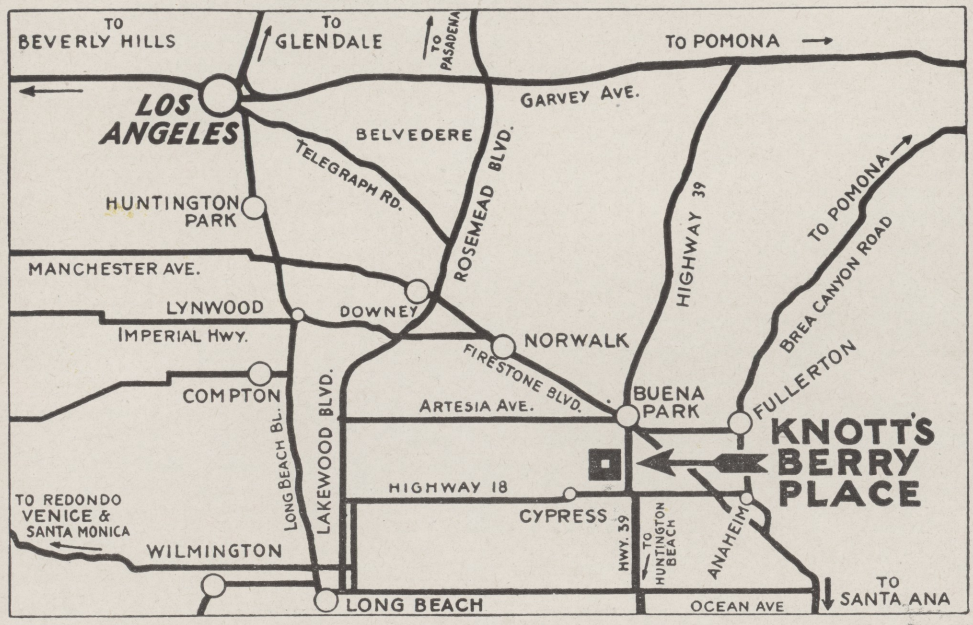

Restaurant open every day except Mondays and Tuesdays from 11:30 A.M. to 8:00 P.M. Sundays 12:00 to 8:00 P.M.

All attractions in Ghost Town are free.

KNOTT'S BERRY PLACE

BUENA PARK, CALIF.

At the south end of the building adjoining the Berry Market you will find the Rock Gardens shown here and waiting rooms, together with the interesting things described in this menu. Should there be a slight wait on Sundays you can rest in comfort here. It is also a convenient place for parties to gather when the members do not come together.

There are rest rooms immediately adjoining the Rock Garden and at the north parking lot.
